

DETERGENTS & CLEANER CLASSIC

CLASSIC GLASS WASHING TABLETS

The green power!
48 glass washing tablets for 192 applications.
1/4 tablet in the pre-rinsing canister guarantees hygienically clean glasses. Repeatedly tested and independently certified.

art-no. 2938

CLASSIC BRUSH SANITIZER

1-kg-can.
For all SPÜLBOY® glass washing brushes. Dissolves beer slime, cleans and nourishes, thus extending the durability of the brushes. For about 35 applications.

art-no. 2910

Easy to use!

Add 1/4 Classic glass detergent tablet into the pre-rinsing canister (brush canister) and, depending on the quantity of glass washes, rinse 100% hygienically for 4-6 hours.

Hint: If no foam forms, the tablet has completely dissolved. Time to refill another 1/4 tablet.

Clear advantages!

- Particularly slow release of the Classic tablets guarantees 4-6 hours of **hygienic cleaning power**.
- Optimum activation and distribution of hygiene agents through the unique **circulation of fresh water**
- Gentle ingredients of the Classic tablets – **longer life** of the brushes
- **Low foaming** and **only!** during the active rinsing process. So you have a clear view for the handling of glasses.

Better than liquid!

- **Optimal effect!** Classic tablets do not float on the water, making them last longer.
- **Sustainable hygiene!** Classic glass washing tablets are biodegradable and extremely economical.

Daily Hygiene Plus! Classic Brush cleaner

To clean and care for each SPÜLBOY® glass cleaning brush: Carefully remove the brushes, cover with approx. 40°C warm water, add **2 parts** of clean brush and leave for around 8 hours (overnight). Rinse well in the morning and you're brushes are clean and in a good shape again.
